Pacific Grove Supportive Housing is Eden’s first development designed specifically for mentally disabled adults. It allows low-income mentally disabled adults with the opportunity to live independently in affordable apartments, with supportive services and families close by. The complex consists of 20 apartments including 15 one-bedroom and five two-bedroom units. Each sunny, airy apartment opens onto an inviting courtyard that encourages a strong sense of community among the residents. A central complex provides a social area with recreation and television rooms, a kitchen, a manager’s office, counselor’s office and laundry facility. Residents pay 30% of their income for rent.
